NATIONAL NEWS

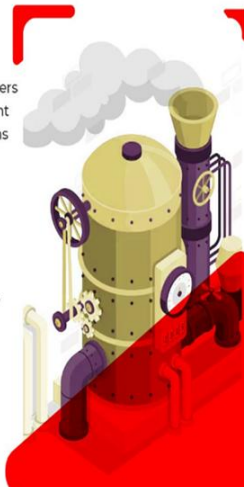

Boilers Bill, 2024

Boilers Bill 2024, replaces century-old act.

The Rajya Sabha passed the Boilers Bill 2024, aiming to replace the archaic Boilers Act of 1923. The new legislation is designed to enhance safety standards for workers and streamline regulatory processes for boiler users, particularly MSMEs.

Key Provisions & Benefits:

- Safety First**
The Bill prioritizes the safety of workers by requiring qualified and competent personnel to handle boiler operations and repairs.
- Ease of Doing Business**
Decriminalization provisions have been incorporated to reduce the bureaucratic burden on boiler users, especially MSMEs.
- Modernized Regulations**
The new law aims to modernize regulations and align them with contemporary safety standards.

- ❖ The Parliament has passed the Boilers Bill, 2024, with the Lok Sabha approval.

- ❖ The Bill repeals the Boilers Act, 1923.
- ❖ It seeks to provide for the regulation of boilers and the safety of life and property of persons from the danger of explosions of steam boilers.
- ❖ The legislation also provides for uniformity in registration and inspection during the manufacture and use of boilers in the country.
- ❖ The Four major offences which may result in loss of life and property, the criminal penalties are retained in the bill.
- ❖ For other offences, provision has been made for a fiscal penalty.
- ❖ In the Boilers Act of 1923, there was no definition of state government, and now in the new bill, the definition of the state government was incorporated.

Carriage of Goods by Sea Bill, 2024

- ❖ The Carriage of Goods by Sea Bill, 2024, was passed by a voice vote.
- ❖ The Bill was introduced in Lok Sabha on August 9, 2024.
- ❖ It seeks to replace the Indian Carriage of Goods by Sea Act, 1925.
- ❖ It establishes the responsibilities, liabilities, rights, and immunities in case of goods carried from a port in India to other or to any other port in the world.
- ❖ The Act is in conformance with the International Convention for the Unification of Certain Rules of Law relating to Bills of Lading of August 1924 (Hague Rules) and subsequent amendments to it.

- ❖ The new Bill retains all provisions of the Act.

MISCELLANEOUS NEWS

Education and Nutrition: Learn to Eat Well

- ❖ UNESCO released a report 'Titled Education and Nutrition: Learn to Eat Well'.
- ❖ The paper has highlighted that 27 per cent of school meals worldwide were not developed with input from nutritionists.
- ❖ Of the 187 countries evaluated, only 93 had any kind of legislation or guidance on food served in schools.
- ❖ Studies showed school meals increased enrolment rates by 9 per cent, attendance by 8 per cent, and also enhanced learning.

Banyan's mental health housing model

- ❖ The Works done by a Chennai based NGO working in the field of mental health, Banyan, has been mentioned in a recent publication of WHO.

- ❖ The Guidance on 'Mental Health Policy and Strategic Action Plans' speaks of how persons with mental health needs could be integrated into the community and benefit from it.
- ❖ This is the second time Banyan's work mentioned in a WHO document.
- ❖ Nine years ago, Banyan evolved on trial basis a housing option under its project 'Home Again' for persons who have recovered from mental ailment.

THE BANYAN PARTNERS WITH DIRECTORATE FOR WELFARE OF THE DIFFERENTLY ABLED (DWDA) TO LAUNCH 'HOME AGAIN' PROJECT IN TAMIL NADU

This initiative aims to provide community-based housing, mental health care, and long-term living arrangements for individuals with mental health conditions and varying degrees of disability. The "Home Again" project will initially be rolled out across five districts in Tamil Nadu, with the goal of establishing ten homes, each accommodating four individuals. These homes will offer a supportive, inclusive environment that promotes recovery, independence, and social inclusion for residents, filling a critical gap in the continuum of mental health care within the state.
